

ABOUT CSFC AND THE SUMMIT

The County School Facilities Consortium (CSFC) was formed in 1993 to promote and support state funding for county-operated school facilities.

CSFC advocates for legislation and state regulations that will support all aspects of county office public school facility construction and renovation, monitoring and informing our membership on state actions that may impact county office school facilities.

CSFC's 2012 Annual Summit is a unique forum that brings state officials together with facility representatives from COEs to discuss the legislative, regulatory and budget proposals that may impact county schools. It also provides networking opportunities with other county office representatives statewide to address common problems and share solutions.

Previous Summit sessions have included:

- State Legislative Overview
- Master Plans for Counties
- County Facilities Asset Management
- Financial Hardship Program Issues
- Special Education: Facility Planning, Siting & Program Take-backs
- Alternative Education Facilities
- Green & Efficient Methods for Facilities & Maintenance

**Come share your expertise and meet
the challenges with other County Offices!**
