BACKGROUND

The County School Facilities Consortium (CSFC) was formed in 1993 to promote and support state funding for county-operated school facilities.

CSFC advocates for legislation and state regulations that will support all aspects of county office public school facility construction.

MEMBERSHIP

Our membership consists of both County Offices of Education (COEs) and Associate members who support COEs.

Representatives from COE members include superintendents, business officials, and facility planners. Members from the private sector include companies who provide facilities products and services to COEs.

Visit www.cacsfc.org for more information about CSFC and to download our membership application.

CSFC ACTIVITIES

Annual Summit

- CSFC hosts an Annual Summit, a two-day event covering county office facility issues and providing an opportunity for COE networking.

Interaction with State Agencies

- State and administrative agencies that CSFC interacts with regularly include: the California Department of Education (CDE), Office of Public School Construction (OPSC), and State Allocation Board (SAB).
