

## ABOUT CSFC AND THE SUMMIT

Formed in 1993, the County School Facilities Consortium (CSFC) advocates for quality school facilities for all students by focusing on flexibility in California's school facilities funding program, promoting equal access to funding for county offices of education, and engaging on legislative and regulatory issues.

CSFC's 2019 Annual Summit will be a unique forum that brings state officials together with facility representatives from COEs and private sector supporters to discuss the legislative, regulatory and budget proposals that may impact county schools. The Summit also provides networking opportunities with other county office representatives statewide to address common problems and share solutions.

Previous Summits have included topics such as:

- Proposition 51 Implementation and 2020 Bond Development
- Stormwater Issues
- Legal Hot Topics
- School Safety and Disaster Preparedness
- Understanding and Preparing for New Local Audit Requirements
- Legislative and Regulatory Updates
- State Agency Updates from the Division of the State Architect, Department of Education, and Office of Public School Construction

Come discuss challenges and share your expertise with other county offices!
